

**Controlling Energy Costs**

In today’s economic crunch it is vital to save money wherever we can. CPSI recently introduced a new Energy Consultant. Titan Energy is a “supplier neutral provider” with very large aggregate buying leverage in the deregulated electric and natural gas arena. Cost reduction for our communities is achieved through their purchasing, risk management strategies, leverage and extensive expertise in the several energy sectors.

**Electric Generation Savings:** Through Titan Energy, Meadow Ridge, CT recently secured a projected 9.98% annual savings on their electric purchases totaling **\$55,000. Annually.**

**Gas Generation Savings:** Canterbury on The Lake, MI realized a **20% reduction** in natural gas saving **\$2,200.** in the first month alone through the CPSI /Titan program.

Utility deregulation within specific states can mean substantial Electricity and Natural Gas cost savings. Below is a list of Energy deregulated states that we can provide a cost comparison:

**Electric & Natural Gas Deregulated States**

- Connecticut
- Illinois
- Maine
- Maryland
- Massachusetts
- Michigan
- New Jersey
- New York
- Ohio
- Oregon
- Pennsylvania
- Texas

**Natural Gas (ONLY) Deregulated States**

- Arizona
- California
- Florida
- Indiana
- Iowa
- Minnesota
- Missouri
- Oklahoma
- Tennessee
- Washington

Let CPSI answer your questions about deregulation and show you how it can benefit your community. CPSI will be contacting you over the next two weeks to start the analysis and comparison process.
