

Visit Seattle's Space Needle, enjoy the desert sunrise in Phoenix, or visit the world's largest living history museum at Colonial Williamsburg — the whole USA is waiting to be explored with the ***Passport To Travel*** Program!

The ***Passport To Travel*** program — created by United Church of Christ's Council for Health and Human Services Ministries (CHHSM) — enables residents at CHHSM-related senior living communities to lodge free of charge at a sister community of their choice for up to two weeks. Without the expense of lodging, residents can experience the excitement of new cities and enjoy the welcoming hospitality of places that feel like home—simply for the cost of their own travel and incidentals.

“We would encourage anybody thinking about Passport to Travel to go ahead and give it a try. It’s a wonderful opportunity to meet new people and try new things. Get out a little bit and see how other communities thrive.”

“The savings in lodging expenses are phenomenal and having a helpful host is wonderful. Ordinarily, you are on your own at a lodging facility and in arranging the details for your local travel. With this program, you have hosts who can tell you how to make the best of both.”
